SELLING MOTOR
HOME IN NORTH
AMERICA.

Bounder[®]

The Motor Home That Really Works

This kitchen has more storage space than my kitchen at home! And nicer appliances, too!

Bounder owners asked for more kitchen work space, and we've met their needs with loads of countertop space and a fully equipped galley, featuring brand name appliances like Dometic®, Samsung® and Maytag®. Breakfast, lunch or dinner, the Venture family will look forward to dining in their comfortable and attractive Bounder dinette.

Hey Ad! You really should check out the amazing new features on this year's new Boulder.

No kidding Gerry! The new front end exterior with its cool graphics has already got me excited.

Ad can't wait to settle in behind the wheel of this sleekly designed cockpit area that features a laptop computer workstation and a standard rear vision camera and monitor, with one-way sound. Overhead, his family will be entertained by a 27" Panasonic® TV, DSS dish and Hi Fi VCR. Boulder is the only way to travel.

I sure hope Mom & Dad buy us a new Bounder.

If Jackie thought the storage areas in the kitchen were large, wait until she sees the wardrobe and cabinets in the bedroom. The cabinets are roomy and offer your choice of adjustable shelves and wardrobe hanging space. They're huge. As is the spacious shower with low step-in. There's always plenty of room to bound around in a Bounder.

The Bounder makes life easier and more convenient with features like the optional washer/dryer combo, built-in knife rack and integrated spice rack. Every RV is equipped with abundant storage area, as you see here under the dinette, maximizing the use of space throughout the Bounder.

JUMP ON BOARD A MOTOR HOME BOUND FOR ADVENTURE!

In response to suggestions from our customers, the power cord has been positioned for quick and easy access next to the standard 5.5 KW Onan® Gold Generator. You'll also appreciate Boulder's all-new aluminum luggage doors.

Check out the convenient rear fuel fill now located next to our easily accessible spare tire compartment.

THE POWER PLATFORM MAKES THE DIFFERENCE

A Steel I-beams are welded the length of the chassis for enormous weight-bearing ability.

B Water tanks run horizontally down the center of the frame for balance.

C Beefy steel outriggers firmly cradle all exterior compartments.

Size, Service, Quality and Value. Together they equate to the very best RV you can buy.

NO MATTER HOW YOU SPELL IT... TOUGH IS TUFF

Quality Tuff Coat™ fiberglass is the protective exterior on your Fleetwood RV. It is a single continuous sheet of material that runs the length of your chassis for durable, long-lasting protection from the elements.
