- 50 Amp cord reel

# Cedar Creek

SILVERBACK EDITION

*The 37MBH features a residential barn door and a large, five drawer pantry along with a new 36" fireplace. Above you can see the cozy loft sleeping area with a built-in staircase. 37MBH is shown at left with the optional side-by-side gas/electric refrigerator.*

## THE SILVERBACK ADVANTAGE

*The Cedar Creek Silverback Edition surrounds you in luxury. Experience rich interiors, brand name appliances and our famous all aluminum super-structure... a few of the many standard hallmarks of quality and value Cedar Creek is known for. Cedar Creek's residential design creates a feeling of home away from home. Name brand products including Congoleum®, Shaw®, Whirlpool®, La-Z-Boy®, Franklin™ and LG® offer high quality residential products for comfort and peace of mind while on the road.*

37MBH

All spacious master bedrooms come standard with 32" LED TVs, roomy cathedral bedroom slide outs and Serta® queen beds with residential bedspreads and matching pillow shams. A king bed is available as an option.

## 37FLK & 37RTH

The 37FLK and the 37RTH both feature a spacious, residential style kitchen with a five drawer pantry and Whirlpool appliances. Living areas include a front entertainment center with a 50" LED TV, an electric fireplace and loads of storage.

The spacious 37FLK bedroom has opposing slides, a large window, a washer/dryer closet with a louvered door and generous storage in luxurious Chestnut stained Maple. It's standard equipped with a queen bed and a 32" LED TV.

The 37RTH also features a plush queen bed with ample walk-around space. Overhead cabinets and nightstands offer plenty of extra storage. A storage bench provides a handy sitting area. (A king bed is not available on this model.)

Many of our competitors use foam in their fascia. Silverback's solid wood fascia gives "A" quality difference you can hear and feel!

37RTH features a large garage with plenty of room for all your gear and toys. An outdoor toolbox keeps tools handy. Stay outside where the action is, with a convenient refrigerator and TV.

## CEDAR CREEK'S FAMOUS ALL ALUMINUM SUPER-STRUCTURE – FOR YEARS OF CAREFREE CAMPING

Check out our construction video at [www.forestriverinc.com/silverback](http://www.forestriverinc.com/silverback)

### ROOF - R-VALUE (R-40\*)

- Full length 3/8" wood roof decking for a full walk-on roof
- Triple layer insulation

- Aluminum Truss Rafters on 16" centers with 8" wide circular air duct. Circular ducting combined with our high performance (bigger compressor) air conditioner gives Cedar Creek a 30% increase in air conditioning performance over our competitors in hotter climates
- Optional second Whisper Quiet roof mount air conditioner (Bedroom)

- Two ply – Tuff Ply rubber roof membrane
- Roof is bolted to sidewall with 5/16" x 3-1/2" carriage bolts
- Radiant shield insulation extends around to the bottom of the front cap – R Value 40, 97% reflectivity, 3% emission
- Attic Vent

\*Equivalent R-Value

**Cold room tested to 0° F with standard insulation and heating pads.**

## FLOORS & UNDERBELLY - R-VALUE (R-45)\*

- 3" Aluminum frame floor with in-floor heat ducting and radius "L" brackets combined with 3M® Silaprene adhesives
- 5/8" Tongue and groove plywood floor is attached to the aluminum frame with Silaprene and screwed every 6"
- Fully enclosed 4' x 8' ABS removable panels for easier access into the underbelly. We use wood stringers to attach with no holes in the frame
- Triple layer insulation enhances the protective values of plywood, vinyl, carpet, carpet pads, tank heaters, etc.
- 12 Volt tank heaters on all tanks
- Radiant shield insulation – 97% reflectivity, 3% emission
- Water lines are protected inside the floor and away from exterior walls

Aluminum studded sidewalls and roof trusses on 16" centers or less.

Thick Silaprene super adhesive (475 PSI) guarantees solid contact between the True bonded gelcoat and aluminum frame without lamination.

2" x 3" Aluminum floor studs

R-38 Radiant shield Thermo-foil wrap through ceilings, underbellies and under front cap.

## 2" THICK SIDE WALLS - R-VALUE (R-11)\*

- Handmade 2" x 2" - 16" (or less) on center sidewalls with individually fastened custom "L" brackets combined with 3M® Silaprene adhesives for a stronger frame without welding or lamination. (475 PSI at 2" per minute)
- "True" High Gloss Classic Gelcoat on all exteriors - the best of the best in fiberglass. Don't accept "hi-gloss fiberglass" or "gel-coated" sidewalls - only True gelcoat stands the test of time.
- 3M® Silaprene Bonded Sidewalls – resilient, grows stronger with age. Also has outstanding resistance to UV, heat, cold, moisture, oils, gasoline, highway chemicals, and creates a bond that cannot delaminate with time
- Sidewalls are bolted to the floor with 5/16" x 6-1/2" carriage bolts at each outrigger
- Glued R-7 fiberglass insulation expanded to its full capacity within the sidewall frame
- Slide rooms insulated on all five sides

\*Equivalent R-Value

Residential, glasswool insulation designed by nature.

# FLOORPLANS

Silverback's luxurious bath includes a large 48" shower with seat and glass doors, porcelain toilet, and a Create-a-Breeze fan.

Removable "Soft Top" vinyl storm doors allow light and visibility without losing cooling or heating.

(3 axles)

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories.

For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)\* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)\*\* - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\*Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Silverback's front storage compartment is insulated with 1-1/4" thick baggage doors. The central docking station includes the water bypass, outside shower, easy access dump valves, slide-room valves and water systems.

This single handle, pull-out faucet with sprayer makes clean up quick and easy.

Another feature that we've taken from residential construction is our super

quiet "HP" (High performance) 15,000 BTU air conditioning system, which includes a larger compressor and cold air returns! This means 30% more air is being forced into the coach than a standard 15,000 air conditioner.

All Silverback fifth wheels are now prewired for an optional Furrion wireless camera. This back-up camera system utilizes wireless digital technology for a clearer rear view and enhanced safety.

A&E metal wrapped awning with LED night light strip.

## FEATURES AND OPTIONS

### SILVERBACK EDITION PACKAGE

(Mandatory Features)

- "True" Pearl Gelcoat Exterior – truly the best of the best in gelcoat exteriors. Stronger, thicker, and keeps its high gloss longer than our competitor's less expensive gel-coated exteriors

- Serta® residential queen mattress

### OPTIONAL "LEVEL-UP"™ 6-POINT HYDRAULIC STABILIZATION SYSTEM

Rated #1 Customer Preferred Option

Leveling and stabilizing a fifth wheel has never been easier. Patented "Level-Up" technology makes set ups faster, and a lot safer than the older systems. This system stabilizes the coach once the legs have been set. Powerful "Level-Up" even has the strength to level a unit with the tires off of the ground.

### OPTIONS

- "Level-Up" 6-point hydraulic level system
- "Quiet Zone" ducted Penguin 15,000 BTU roof mount second air conditioner
- Create-a-Breeze fan with rain sensor and thermostat in the bedroom IPO vent (N/A second AC option)
