world awaits...

High Quality Teardrop Camper Trailers

About nüCamp RV

THE REAL VOYAGE OF DISCOVERY CONSISTS NOT IN SEEKING NEW LANDSCAPES,
BUT IN HAVING NEW EYES.

- Marcel Proust

nüCamp RV manufactures the highest quality recreational vehicles and truck campers available in North America. The dedicated craftsmen and women who work at nüCamp RV in Sugarcreek, Ohio, are committed to the principles of integrity and excellence. We embrace innovative design and adhere to the highest-quality construction techniques and processes. We have learned that this is a recipe for creating fanatical customers. We treat our customers like family, and they repay the favor by spreading the news about how much they love their campers. We're not perfect, of course, so we make it right whenever we fall short. That's our commitment to you.

While our name may be new (or is it "nü"?), our company has served in the background of the teardrop camper trailer market as a dedicated manufacturer of these fine recreational vehicle products for many years. Pleasant Valley Teardrop Trailers adopted the name nüCamp RV in the fall of 2016. We feel that the new brand captures and expresses the essence of our company's commitment to RVers, campers, and outdoor enthusiasts.

In early 2017, we created the T@B 400, a step-up from our original T@B 320 models. As the most highly anticipated campers of the year, the T@B 400 will surely be a hit for many years to come.

Quality Construction

In building every nüCamp product, our charge is to construct it with the utmost care, employing only the highest grade materials. From the all-aluminum framing to the beautiful, pure birch interiors to each individual component, we take great pride in the construction process and strive for perfection. We want you to enjoy your trailer in every way possible: functionally, practically, and aesthetically.

We strictly adhere to RVIA/1192 guidelines and implement multiple quality control checkpoints during the construction process. When each camper is completed, every component and system is re-tested to ensure that it is issue-free and ready for you to take home!

Dealer Body

Our dealer body is the heart and soul of our organization. Each is independently owned and operated – free from any corporate requirements. Purchasing locally has a litany of benefits: from the investigation and education process to purchasing to servicing your trailer to possibly trading it in on a new one, your dealer will forge a personal relationship with you that is both meaningful and long lasting.

Other benefits a local dealer can offer include proximity/ease of access, custom information on ordering and maintenance for the state in which you live, and general tips to operate your camper in the most efficient and effective manner.

Innovative Teardrop Campers

320 U and 320 S

Known as the original T@B floor plan, the “U” got its name from the U-Shaped seating area. It features the largest sleeping space available complete with overhead cabinetry in the rear. The front of the trailer offers a sink, glass-top stove, wardrobe, cabinetry, and a 3-way fridge.

Having a tough time committing without a bathroom? The S floor plan offers the traditional U kitchen and sleeping areas, but exchanges the wardrobe and air conditioning for a wet bath, which includes a shower and toilet. Please note, the sleeping area is not compromised whatsoever, as the air conditioning unit is mounted to the wall.

“

TRAVELING...
IT LEAVES YOU SPEECHLESS,
THEN TURNS YOU INTO A STORYTELLER.

- Ibn Battuta

”

Specifications

Available Boondock Package	Yes	Yes
Available Sofitel Package	Yes	Yes

Boondock package adds 5 9/16" to exterior height and increases overall weight by 160 lbs.
Note: Each camper has a 14" x 14" roof vent.

320 CS and 320 CS-S

Do you love the outdoors a little more than the average Joe? If so, the CS is for you! The Clamshell model originates from the traditional teardrop design where the kitchen is contained in the back hatch. The front of the trailer features cabinetry and a wardrobe in lieu of the standard kitchen space.

Whoever said you can't have your cake and eat it too? With the CS and S floor plans you get a clamshell with a wet bath! Now you can enjoy all the benefits of the clamshell with the convenience of a toilet and shower. As with the S, the shower replaces the wardrobe and the air conditioning. Again, the sleeping area is not compromised, as the air conditioning unit is mounted to the wall.

T@B 400

The T@B model 400 is regarded as one of the industry's most anticipated RVs for 2017. Overwhelmed by interest from T@B dealers, customers, and enthusiasts, we pushed hard in designing this innovative new camper. The response has been nothing short of phenomenal.

We combined Ohio Amish craftsmanship with a modern, European-inspired look, and the result was the T@B 400. In building this camper, we employed some of the most innovative products in the RV industry including Froli Sleep System & Alde Central Heat and Water System.

Whether it's the 60" x 80" queen bed, 24" TV and entertainment center, infinity flooring, second sleeping area, or any other uniquely great feature, we're confident the T@B 400 will exceed your expectations.

Sofitel Package

The Sofitel package is available in the T@B 320 CS and CS-S and T@B 320 U and S. The ultimate luxury package, the Sofitel is fit for those who want to camp in style. Coated in a silver metallic paint with custom alloy wheels, your T@B will surely turn heads on the road.

Once you step inside the T@B you'll be mesmerized by the beautiful upscale cabinetry and hardware. From the glass-top sink to the tailored white table and counter tops, you'll immediately fall in love. Much like the exterior, the interior walls and ceiling show off a contemporary silver coating. To complete the luxurious appearance, the package comes with custom two-tone faux leather cushions and yacht-inspired flooring.

Boondock Package

Available in the T@B 320 S and T@B 320 U, the Boondock package features anything you need for off-road camping. The exterior features off-road wheels, a Yakima roof rack with a cargo basket and spare, custom aluminum platform and diamond plated tongue box. It's perfect for anyone craving an adventure.

Step inside and you'll notice the Aussie aesthetics from the cargo netting above the windows to the eco-friendly and über-tough Marmoleum flooring. Long day of hiking? Take a seat on the solid gray cushions and relax. And don't worry about getting the floor dirty: the Boondock package is perfect for any serious camper.

Features:

- 5 Piece ABS Off-Road Kit
- Yakima Roof Rack with Spare
- Pitched Axle
- Matte Black Off-Road Wheels
- Custom Diamond Plate Tongue Box
- Aluminum Utility Platform
- Cargo Netting Above Windows
- Marmoleum Flooring
- Solid Gray Cushions
- Custom Decals

Lightweight Teardrop Trailers

T@G and T@G XL

T@G

Whoever said big things come in small packages must have been talking about the T@G. This trailer is a combination of its older sibling, the T@B, and the classic teardrop trailer from the 1940s. The T@G features several modern amenities including a full galley in the rear, a 19" entertainment center, air conditioning, 12-volt cooler, diamond plate front guard, and more!

T@G XL

The T@G XL offers the same great features as the T@G but is *12-inches wider*. As a result of this upgrade the back galley includes options not available in the T@G, including a Samsung microwave and multi-purpose rack.
