

# Tribute™

## Why Tribute?

- Retro classic Winnebago exterior body styling
- Bold retro interior styling
- Powered StudioLoft™ beds
- LED lighting
- Innovative sliding dash Rearview Monitor/Rand McNally RV GPS
- MCD blackout roller shades
- Powered patio awning

**WINNEBAGO**<sup>®</sup>

On the Cover: 27B Aquarius Graphics

27B Moody Blue with Cherry Cola Cabinetry

## A Legend Re-Imagined

Winnebago® ignited the motorhome craze of the late '60s, with its famous “eyebrow” coach design leading the way. The all-new Tribute™ took Winnebago’s trailblazing heritage with a fresh take on this iconic design. It is a look that conjures up the youthful enthusiasm you had when you first experienced the motorhome lifestyle, and it is an opportunity to share

that lifestyle with your own family. While the look brings you back, the amenities will keep you moving forward in comfort for years to come. With two versatile floorplans, exciting color schemes, and a price to fit the budget of a young, traveling family, the Tribute is a testament to both our rich history and your bright future in the motorhome lifestyle.

**Recognized Quality** The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service, and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

## Best in Class

See how Winnebago takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

Turn your cab into a second bedroom with the convenient **StudioLoft™ Bed** that drops down from the cab ceiling for another sleeping space.

**Easy-Slide Cabinet Doors** make it easier to access your games and supplies with frosted panels that slide open rather than flip up.

The **U-Shaped Dinette** in the 27B quickly converts from a dining area to an additional sleeping space.

The **Passenger Workstation** effortlessly pulls out, allowing you to plan the next leg of your trip.

A **Rearview Monitor System** with Rand McNally GPS slides side-to-side for easy access for both the driver and the passenger.

**Full-Extension Drawer Slides** make it easy to open drawers wide and maximize their storage space.

# TRIBUTE Lounge

Like the classic coaches that took the country by storm in the '60s and '70s, the Tribute is a family-friendly coach that begs to be used again and again. Three distinct floorplans offer a range of furniture options, including the innovative Flex sofa/bed in the 26A. It flips up tight against the wall to provide additional floor space and cargo space. It even has a powered table for an additional work area or serving space. Maintenance is kept to a minimum with vinyl floor covering and vinyl-clad ceiling. Control your lighting and privacy with the MCD blackout roller shades.

27B Moody Blue with Cherry Cola Cabinetry

27B Removable Pedestal Table

27B U-Shaped Dinette

27B Galley

The Tribute's classic styling shines brightest in the galley, where a decorative backsplash and waterfall countertop work beautifully with the rich wood and frosted panel inserts of the easy-slide overhead cabinets. A pull-out sprayer over a deep stainless steel sink makes clean up easy. Everything you need to prepare a full meal is here, which can be served up in the U-shaped dinette (27B) or pedestal table and dinette (26A, 31C).

Easy-Slide Cabinets

HDTV

27B Backsplash

# TRIBUTE Bed/Bath

Traveling in retro style gives you the modern conveniences and comforts of present technology such as the walk-around queen bed in the 27B. In addition to multi-functional furniture, each model offers the powered StudioLoft™ bed which descends from the ceiling so it's there when you need it, hidden when you don't.

27B Shower

27B StudioLoft Bed

27B Bathroom

Dash

Remember paper maps? The Rand McNally RV GPS Navigation System renders them obsolete. It shares a screen with the Rearview Monitor that is mounted on a console that slides back and forth between the driver and passenger so you can navigate together. The dash radio sets the tone for entertainment with Bluetooth™ connectivity and an auxiliary audio input for connecting your digital devices. Take it all in from the soft and stylish comfort of fully-adjustable Primera cab seats.

Cab Seats

Powered Patio Awning

Five available exterior color palettes will turn heads, but why let everyone else have all the fun? Open up the big powered patio awning, set up your lawn chair, and sit back and admire the one-of-a-kind coach you proudly call home.

Automatic Entrance Steps

Powered Mirrors with Defrost

Stainless Steel Wheel Liners

**Fiberglass Roof**

The one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

**Rubber Can't Cut It**

Rubber roofs used by competitors can streak and degrade over time.

**Thermo-Panel® Sidewalls**

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

**E-Coating**

An electrodeposition coating helps protect critical steel components.

**Embedded Steel** Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**Laser-Cut Tubing**

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

**Interlocking Joints**

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**Solid Framework** Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**SUPER  
STRUCTURE**

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

**TESTING** Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

**DETAILS** At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE** We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER STRUCTURE**<sup>®</sup>  
BUILT TO LAST

Visit [BetterBuiltRVs.com](http://BetterBuiltRVs.com) to gain real insight into what goes into a Winnebago motorhome.

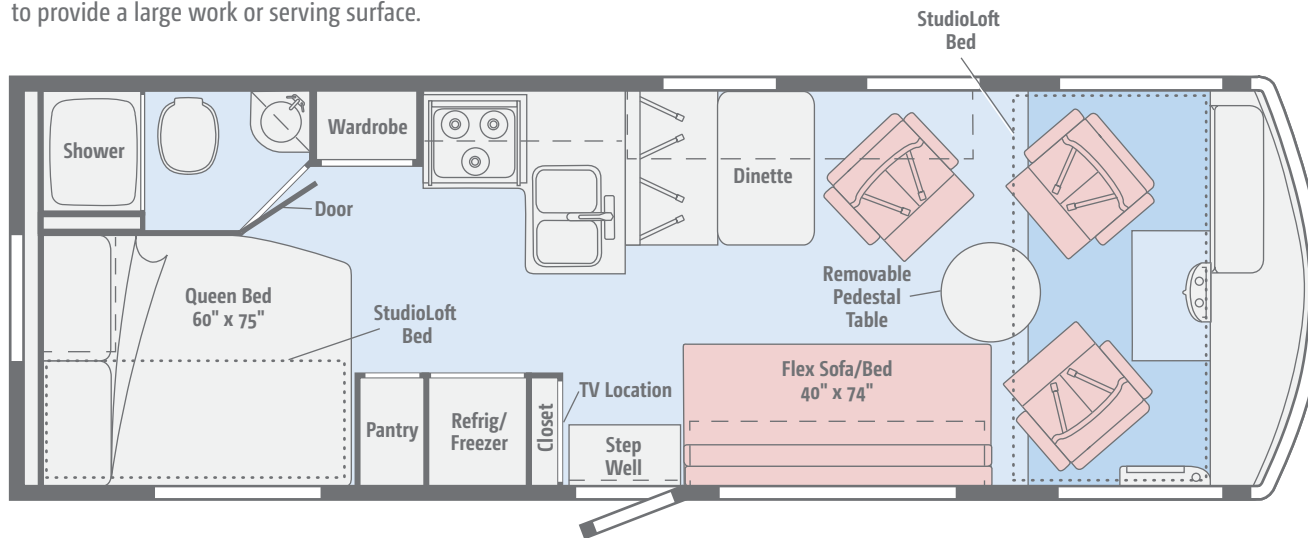

**TAKE A TOUR** We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motorhome we build.

## NEW 26A

The flex sofa/bed can flip up against the wall for additional floor space and also features a powered table that flips up to provide a large work or serving surface.

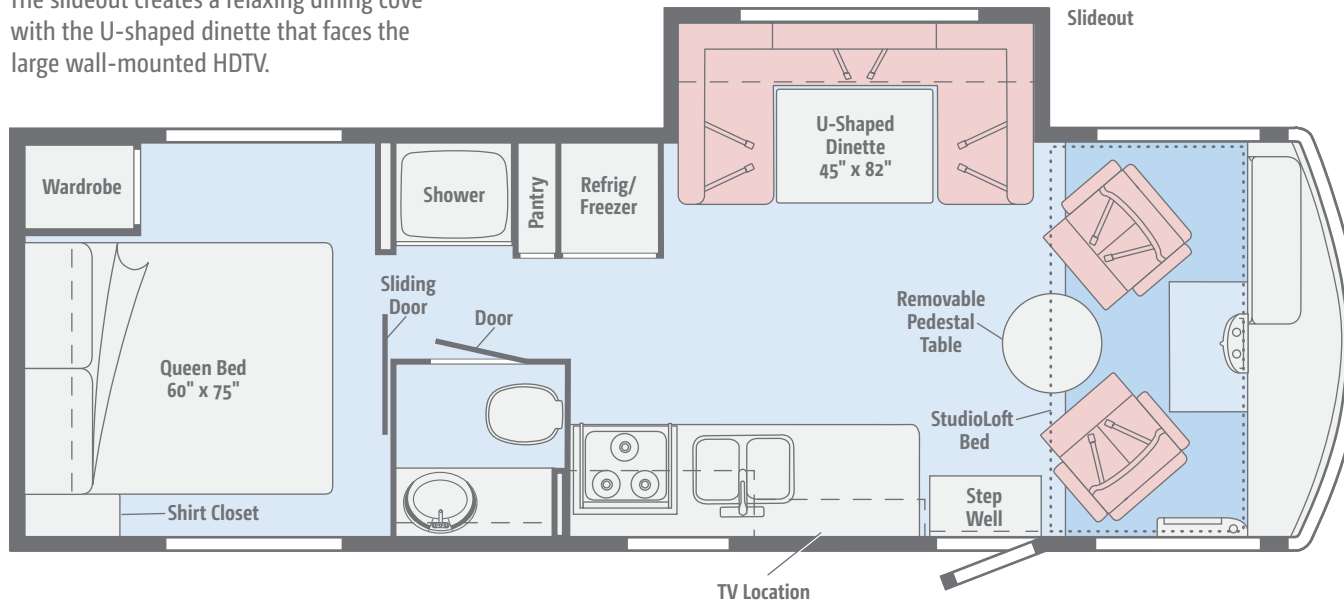

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at [Goltasca.com](http://Goltasca.com).

## NEW 27B

The slideout creates a relaxing dining cove with the U-shaped dinette that faces the large wall-mounted HDTV.

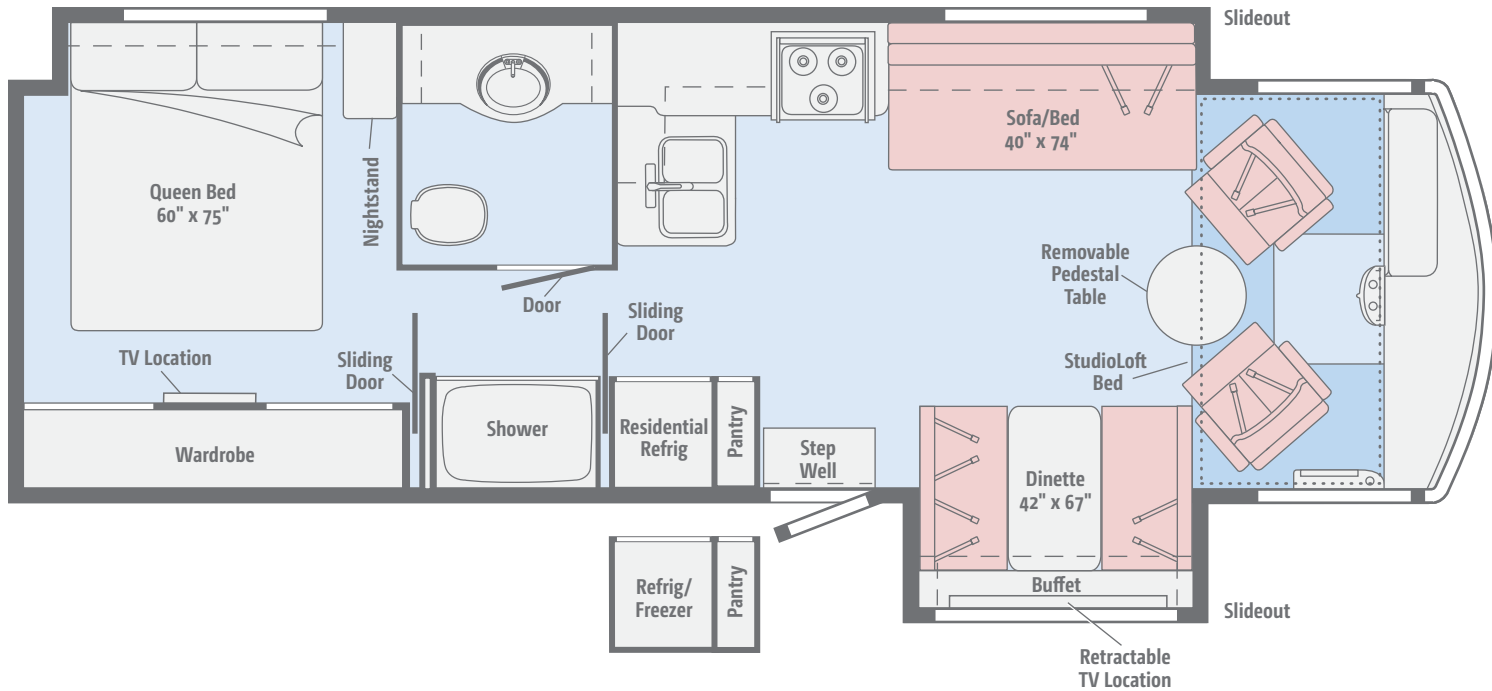

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at [Goltasca.com](http://Goltasca.com).

## NEW 31C

The full-wall slideout allows for your choice of a king or queen bed, plus a full-size sofa bed facing a retractable HDTV.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at [Goltasca.com](http://Goltasca.com).

Automatic start system, generator (31C)  
(NA w/optional 2-door refrigerator/freezer)

Auxiliary start circuit

Exterior antenna jack and AC duplex receptacle

## Plumbing System

Permanent-mount LP tank

On-demand water pump

TrueLevel™ holding-tank monitoring system

Winterization Package water heater bypass valve and siphon tube

6-gallon electric ignition/LP water heater

Gravity water tank fill w/lockable door

LPG accessory connection (patio area)

City water hookup

10' sewer hose

### OPTIONAL EQUIPMENT

Heated drainage system

## Safety

Child seat tether anchor

LP, smoke, and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

## Warranty<sup>7</sup>

12-month/15,000-mile basic limited warranty<sup>8</sup>

36-month/36,000-mile limited warranty on structure<sup>8</sup>

10-year limited parts-and-labor warranty on roof skin<sup>8</sup>

### FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
